St. George, Utah 84770

Subject: Notice of File Closure, Organa Mineral Products, Organa Claims, S/055/0013, Wayne County, Utah

Dear Mr. Jackson:

The referenced Notice of Intention to Commence Small Mining Operations, located in Wayne County, Utah, will now be closed and the files retired. The site was inspected on August 28, 2012, and it was determined that reclamation has been satisfactorily completed.

You are hereby released by the Division of Oil, Gas and Mining from further reclamation responsibilities at this site. If you wish to conduct any future mining or exploration related activity in this area, you will need to submit a new Notice of Intention to the Division and provide reclamation surety prior to creating any disturbance.

The Division does not hold a reclamation surety for this project. Please contact the Bureau of Land Management if you believe a surety was posted for this project.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5261 or Wayne Western at (801) 538-5263. Thank you for your cooperation.

Sincerely,

Paul B. Baker

Minerals Program Manager
